

How To Access Our Members Only Arkansas State Chapter Website

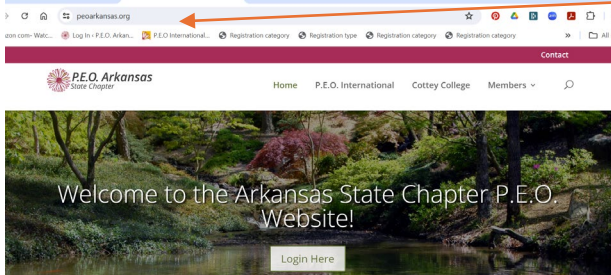

Welcome, Arkansas Sisters! We've made some BIG changes to increase security for our site and members.

The generic **sisterhood** username is no longer in use— you now log in with **your own email address or P.E.O. member ID!** If you have a valid email address with P.E.O International, it has already been uploaded to our state website as your email login. Easy!

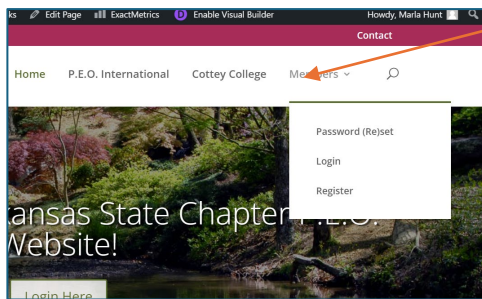

First-time Login Goal: To set your personal password to use with your email address as found in the International Membership Database or your 7-digit Member ID# to login. It can be the same password as you use for the International site, or it can be different—it is your choice and you can be changed it yourself as desired.

How to SET YOUR PERSONAL PASSWORD:

1. Type peoarkansas.org into your web browser window and ENTER.

2. Select Members option in the horizontal window at the top of the page for access options.

3. Use the “Members” menu item in upper right corner of this page to (Re) set your Password, Login or Register:

- **Password Re(set)**--Arkansas Members as of 7/1/24: If you are logging in for the first time, choose this option to set your personal password. Your username has already been registered and is the email address on file with the P.E.O. International Membership Department. Use this option to set your password for the first time. You will continue to use your password plus your username (your email OR Member ID#) every time you log in. If you ever forget your password, you can reset it yourself through the same process.
- **Login**--After setting your password or registering you will continue to use your password plus your username (email address in Int'l database OR Member ID#) every time you log in. Your username is the email address on file with the P.E.O. International Membership Department.
- **Register**—New Arkansas Members and members from outside Arkansas must register for site access. The Arkansas State Chapter website is open to all active members of any P.E.O. chapter in Arkansas or elsewhere. You will need your P.E.O. Member ID# to register (it's the **7-number ID** next to your chapter and state on the mailing label of your *P.E.O. Record*). All requests for accounts are pending until your membership can be confirmed, and we will attempt to verify your membership and confirm your account as Your patience is appreciated. Thank you! Note: If your Member ID is flagged as “incorrect,” that means you already have an account in our system and do not need to register again to request another new account. Try your email address on file to reset your password.

If you need login assistance reach out to techsupport@peoarkansas.org.
